Gentlemen:

This is to advise that on March 26, 1986, the Hamon Operating Co., State V-249 #1, gas well located in Unit M of Section 36, Township 23, Range 26 Eddy County, New Mexico was disconnected from El Paso Natural Gas Company's gathering system. This meter is blind plated and will remain on location temporarily, but inoperative until permanent status of the measuring arrangement is determined. The disconnection was due to well being plugged and abandoned.

Yours truly,

Robert Patterson
Production Coordinator
