Request for Off-Lease Storage
Eddy County, New Mexico

Amoco Production Company has reviewed your request for approval, dated January 15, 1991, for Rowland Trucking Service to transport production from the referenced property across a Pecos River bridge. Because it appears from your letter that the proposed operation would be in violation of Amoco's environmental health and safety values and practices, we are unable to give our approval. Our primary concern is that overloading the bridge might result in an accident in which oil could be spilled in the river. Although we are not willing to be a participant in this proposed operation, we would entertain other alternatives if you so choose to provide them.

Should you have any questions regarding this matter, please contact Amber Kennedy at (713) 596-7912.

Yours very truly,

V.P. Whitfield
