17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1703.

2/4/82 - MI&RU Superior Well Service pulling unit. Removed horse's head, unseated pump, laid down polish rod & liner and TOH w/rods & pump. Picked up new 1-1/2" X 2" X 18' RWBC single valve Harbison-Fischer pump & 1" X 4' sand screen & TIH w/rods & pump. Seated pump, spaced well & hung on. Returned well to production. Rigged down & moved out pulling unit.

Request for an extension until March 3, 1982, is hereby respectfully submitted for time to comply with Rule 301 and Rule 302. Because this well is presently producing a large amount of water, we would like to allow the production to stabilize before running the Gas Oil Ratio Test and Subsurface Pressure Test.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
