

MULTI- INT SURFACE USE AND OPERATIONS PLAN

Delta Drilling Company

South Culebra Bluff Unit No. 8
1740' FEL and 660' FNL
Section 14, T-23S, R-28E
Eddy County, New Mexico

This plan is submitted with Form 9-331C, Application for Permit to Drill, covering the above described well. The purpose of this plan is to describe the location of the proposed well, the proposed construction activities and operations plan, the magnitude of necessary surface disturbance involved, and the procedures to be followed in rehabilitating the surface after completion of the operations, so that a complete appraisal can be made of the environmental effects associated with the operation.

1. EXISTING ROADS. Exhibit "A" is a portion of a 15-minute series topographic map showing the existing roads. Location is approximately 2-1/2 miles NE of Loving, New Mexico.

DIRECTIONS: Go east on Hwy. 31 from Pecos River bridge approx. 1300'. Turn south thru cattleguard and follow lease road 660' to location.

2. PLANNED ACCESS ROAD.

There is an existing road which leads directly to the proposed location. This road will be improved as necessary to accommodate the traffic anticipated to use the road during the drilling of this well.

3. LOCATION OF EXISTING WELLS. See Exhibit "B".
