

OIL CONSERVATION COMMISSION

FORM C-103

PAGE -2- DINERO OPERATING COMPANY

Bled press off of drillpipe and while bleeding down the bit became unplugged. Pumped 50 barrels 13# mud through drillpipe and bit. Open rams and started in hole with drillpipe. Shut down and circ. gas off as we were going in hole.
March 5, 1982, now drilling, depth now 11,465'.
