Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

May 4, 1982: Plan to alter the casing program from the original one filed on C-101.

Total depth 10,633' on May 4, 1982.

We plan to ream hole from 9,673' to current depth.

Then drill a 9½" hole to 10,850'+ or to the top of Penn. and set 7 5/8" casing at this point.

Due to the hole condition and lost circ. we feel this change is necessary to have better control to drill into the Strawn and Atoka zones.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
