Sec. 11-24S-27E
Eddy County, NM

Gentlemen:

According to your submitted C-105, you have completed this well as a Wildcat-Atoka Gas Well. However; by correlating from A-A' nomenclature committee cross-section log #13, H.N.G Coles Fed. 31 #1, the zones you have perforated fall in the Morrow.

The formation tops I have picked are as follows:

WC - 9040
Penn - 10690
Strawn - 10896
Atoka - 11121
Mor. Ls - 11759
Mor. Cl - 12073

If you have any questions, please feel free to contact me at this office.

Sincerely,
Larry Brooks
