Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

October 19, 1981: Drilled to 5,947'. Came out of hole. Two holes in drill pipe. Run back in hole and found 1 joint of 8 5/8" casing off of intermediate string. Tried to correct. Decision was made to push to one side and set cement plug and cement. Plug from 2,466' to 2,570'.

October 22, 1981: Drill back out, did not re-enter old hole. Drilled second hole to 3,000'. Lost bit and junk catcher in hole. Did not try to fish. Ran back in hole went past junk in hole and drilled to 5,101'. Pulled out of hole for bit change and evidently the bit and junk catcher fell out of the 2nd. hole and struck pipe. Pulled the pipe into, fished and jar out of hole. Decision was made to P. & A. and move to the east 50' for second hole.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
