(New Onshore Production Wells, Section 103)

J.W. Arnold, Administrator of FERC Compliance of Sun Gas, a Division of Sun Exploration and Production Company, ("Sun"), the undersigned, being first duly sworn, deposes and says:

(1) That the surface drilling of the well for which Sun seeks a determination was begun on or after February 19, 1977.

(2) That the well satisfies applicable federal or state well-spacing requirements.

(3) That he has concluded that to the best of his information, knowledge and belief, the natural gas for which Sun seeks a determination is produced from a New Onshore Production Well and the basis for such conclusion is that a review of the records indicates that the well:

(a) was spudded on 3-8-82

(b) Satisfies applicable state or federal well-spacing rules

(4) That he has no knowledge of any other information which is inconsistent with his conclusion.
