RE: Annual Gas Well Shut-in
Pressure Test
(Division Rule 402)

Gentlemen:

Your request for exception to the subject rule for the following well is hereby approved.

Aminoil Federal #1-Ut. J - Sec. 22 T24S R28E - Willow Lake Atoka

This request was given on August 26, 1985. However, the location was inadvertently given as R31E instead of R28E and the pool was listed as Malaga Morrow Gas instead of Willow Lake Atoka Gas.

However, if for any reason the well is shut-in during the year, the test is to be taken and the results reported.

Very truly yours,

Les A. Clements
