Dear Sir:

Mr. Glenn Cope has informed this office that all Form C-115's will be filed by you after October, 1983.

Rule 1115 states that all reports on the Form C-115, Operator's Monthly Report, will be filed each month. These reports are to be postmarked no later than the 24th day of the next succeeding month. Failure of an operator to file this report in accordance with the provisions of this rule may result in cancellation of Form C-104 for the affected well or wells.

The November, 1983 report was due December 30, 1983. This report has not been received.

Also, if you are going to be the operator of this well, you will need to get a bond. All state wells must have a plugging bond, either a One-Well Plugging Bond, or a Blanket Plugging Bond. And you will need to file a Form C-104 showing a change of ownership on the above mentioned well. We will need the original and four copies.

If we may be of further assistance in any way, please feel free to call or write us.

Yours truly,

A handwritten signature in cursive script, appearing to read "Mike Williams".
