Gentlemen:

Before an allowable can be assigned to the above mentioned well it will be necessary to apply through the Santa Fe Office for a tubing exception approval.

According to Rule 107, in the State Rules and Regulations book, tubing shall be set as near the bottom as practical and tubing perforations shall not be more than 250 feet above the top of the pay.

If this office can be of any further assistance, please let us know.

Very truly yours,
