Gentlemen:

We are returning your C-103 on the above captioned well for additional information for Option II, as per Rule 107.

- (1) Volume of cement slurry (cu.ft.), brand name and additives, percentage of additives used, and sequence of placement if more than one type of cement was used.
- (2) Approximate temperature of cement slurry when mixed.
- (3) Estimated minimum formation temperature.
- (4) Estimated cement strength at time of casing test.

If we can be of any assistance, please contact this office.

Sincerely,

Leslie A. Clements  
Supervisor, District II
