

or within the limits of another designated Wolfcamp pool, shall be spaced, drilled, operated and produced in accordance with these rules.

**RULE 2.** Each well completed or recompleted in the North Cass Draw-Wolfcamp Pool shall be located on a unit containing 160 acres, more or less, which consists of the NE/4, SE/4, SW/4 or NW/4 of a single governmental section.

**RULE 3.** The Director may grant an exception to the requirements of Rule 2 without hearing when an application has been filed for a non-standard unit consisting of less than 160 acres or the unorthodox size or shape of the tract is due to a variation in the legal subdivision of the United States Public Lands Survey. All operators offsetting the proposed non-standard unit shall be notified of the application by registered or certified mail, and the application shall state that such notice has been furnished. The Director may approve the application upon receipt of written waivers from all offset operators or if no offset operator has entered an objection to the formation of the non-standard unit within 20 days after the Director has received the application.

**RULE 4.** Each well shall be located no closer than 660 feet to any outer boundary of a proration unit and no closer than 330 feet to any quarter-quarter section line or subdivision inner boundary.

**RULE 5.** The Division Director may grant an exception to the requirements of Rule 4 without hearing when an application has been filed for an unorthodox location necessitated by topographical conditions or the recompletion of a well previously drilled to a deeper horizon. All operators offsetting the proposed location shall be notified of the application by registered or certified mail, and the application shall state that such notice has been furnished. The Director may approve the application upon receipt of written waivers from all operators offsetting the proposed location or if no objection to the unorthodox location has been entered within 20 days after the Director has received the application.

**RULE 6.** The allowable for a standard 160-acre oil proration unit (158 through 162 acres) shall be based on a depth bracket allowable of 515 BOPD with a limiting GOR of 2000 cubic feet of gas per barrel of oil. The allowable assigned to a non-standard proration unit shall bear the same ratio to a standard allowable as the acreage in such non-standard unit bears to 160 acres.

**IT IS FURTHER ORDERED THAT:**

(3) An unorthodox oil well location for the Weems Well No. 1 (**API No. 30-015-24827**) located 990 feet from the North line and 1330 feet from the West line (Unit C) of Section 27 in the North Cass Draw-Wolfcamp Pool is hereby approved.
