

For Section 102(c)(1)(B), New Onshore Wells

Mark below to indicate the materials reviewed and relevant to the request. Attach accordingly.

In conformance with Office of Management and Budget Guidelines, data of a specific nature such as a Geological Survey form, a directional drilling survey, etc., which has already been submitted to the Supervisor for another purpose, shall not be submitted again as a requirement but may be submitted voluntarily. If such data is not submitted, the applicant shall so indicate below that the data is on file with the Supervisor. (In choosing not to submit the data, the applicant must understand that processing of the application may be delayed several days and perhaps weeks while the Supervisor locates and reproduces the data.)

1. Form FERC 121, Application for Determination of the Maximum Lawful Price Under the Natural Gas Policy Act. _____
2. A statement(s) under oath as required by FERC for each application, including answers to certain questions as applicable. _____
3. A statement that completed copies of Form FERC 121 have been forwarded to the purchaser(s) and to the colessees and/or the working interest owners. _____
4. A statement of certification for each of the supporting documents, except for the conventional Geological Survey agreements and forms already certified. _____

5a. 2.5-mile test: _____

Form 9-330, Well Completion or Recompletion Report and Log. _____

Directional drilling survey. _____

A plat locating and identifying the well of interest and any other well within a 2.5-mile radius which produced natural gas after January 1, 1970, and before April 20, 1977. _____

5b. 1,000 feet deeper test: _____

Form 9-330, Well Completion or Recompletion Report and Log. _____

Directional drilling survey. _____

A plat locating and identifying the well of interest and any other well within a 2.5-mile radius which produced natural gas after January 1, 1970, and before April 20, 1977, including identification of all marker wells and specific identification of the deeper marker wells which may be critical to the application. _____

A listing of the deeper marker wells with elevations and completion locations. _____

6. Other: _____
