Gentlemen:

The above captioned well was permitted for the Strawn formation. The Non-Standard Location approval dated December 1, 1986 was also for the Strawn. According to our records this well was completed in the Wolfcamp and we have never received a new plat, form C-102 or an amendment to the original Non-Standard Location.

We need the above as soon as possible and your prompt attention to this matter will be greatly appreciated.

Sincerely,

A handwritten signature in cursive script, appearing to read "Mike Williams".
