Federal Express

Attn: Mr. William J. LeMay

Gentlemen:

BTA hereby requests administrative approval to drill at the above referenced unorthodox location.

Our original orthodox location fell to the east of the Pecos River and in the river bed between canals. Our unorthodox location is necessary due to many surface obstructions such as the river, floodplain, high bluffs and the railroad tracks, as shown on the attached topographic maps.

All offset operators have been notified of our application by certified mail.

Please advise, should further information be required to grant the application.

Sincerely,

DOROTHY HOUGHTON
