

MULTI-POINT SURFACE USE AND OPERATIONS PLAN

NEFF OIL AND GAS, INC.
BHP Federal, Well No. 1
1650'fnl & 330'fel, Sec 13 T-22-S R-27-E
Eddy County, New Mexico
Lease No. NMNM 64585

Development well to Indian Draw Cherry Canyon Field

This plan is submitted with the Application for Permit to Drill the above described well. The purpose of the plan is to describe the location of the proposed well, the proposed construction activities and operations plan, to be followed in rehabilitating the surface after completion of the operation so that a complete appraisal can be made of the environmental effects associated with the operations.

1. EXISTING ROADS:

A. Exhibit "A" a portion of a USGS topo plat showing the location of the well as staked. Exhibit "B" is the surveyors plat showing the location of the well as staked. The well site location is approximately five miles southeast of Carlsbad, New Mexico. Traveling east from Carlsbad on paved US 62 miles and south on paved County road US Refinery Road, there are seven miles of paved road.

B. Directions: From Carlsbad, drive east for 2.2 miles on US 62, then south 4.8 miles on US Refinery Road then jog due north for 1/2 mile to drillsite.

2. PLANNED ACCESS ROAD:

A. Length and Width: Approximately 200 feet of caliche road will be constructed.

B. Construction: The 200 foot access road and location will be graded and topped with caliche where warranted, providing for proper drainage.

C. Turnouts: None required.

D. Culverts: None required.

E. Cuts and Fills: Caliche ramp over Navajo pipeline.

F. Gates, Cattleguards: None required.
