(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

The following is being submitted as documentation of verbal approval to dispose of the drill cuttings and drilling fluids off-site.

Herman Peitchinsky received verbal approval from Barry Hunt, BLM and Mike Williams N.M.O.C.D. to move the drill cuttings and fluids off-site on April 10, 1991.

I contacted Barry Hunt on April 11, 1991 via telephone to confirm BLM's position on this request.

Pacific Enterprises Oil Company intends to move the subject drill cuttings and fluids to one and possibly both of the following agreed to location reserve pits for burial.

- 1) PEOC "21" Comm #1, SWNW Section 21, T23S-R26E, Eddy County, New Mexico Lease #NM-0540294-A.
- 2) PEOC "15" State #1 NWSW Section 15, T23S-R26E, Eddy County, New Mexico Lease State Lease #K-3077.

Cuttings and fluids will be transported as necessary until drilling is completed.

Your cooperation and assistance is appreciated.

14. I hereby certify that the foregoing is true and correct
