MEMORANDUM

VIA FAX TRANSMISSION

TO: Ray Smith
FROM: Mickey Braden
DATE: July 28, 1994
SUBJ: Big Eddy Unit #117, E. Herradura Bend,
Eddy County, New Mexico

Your expedited approval of the attached Sundry Notice would be appreciated

Pressures in this salt water disposal well now exceed allowable pressures and we would like to frac stimulate the zone as soon as possible so we can resume disposing water into this well. We have frac equipment scheduled to do this work early next week if we can have your prompt approval of the Sundry Notice.

Thank you.
