	OTHER: <input type="checkbox"/>

12. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Please refer to approved C-101 to drill, approval date 4-11-94.

It was originally proposed to install 300' of 13.375" surface casing, 17.5" hole.

BK Exploration requests permission to utilize, at our option, 300' of 11.75", 42# casing in a 14.5" hole. This would replace the proposed 13.375" casing. The intermediate hole size would then be changed to 10.75" rather than 12.25". No other changes are requested.

Estimated spud date is 6-15-94. Sufficient time will given in notifying the NMOCD to witness the cementing of the surface and intermediate casings.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
