(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimate date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

Chevron is proposing to install surface facilities to support a new well drilling program in the subject field. The work described here is for wells 1-13 and 1-14 ( facility Sundry Notice for wells 1-1 through 1-5 was submitted 4-20-93 and facility Sundry Notice for wells 1-6 through 1-12 was submitted 6-8-93). The proposed construction activities are expected to commence November 15, 1994 and be completed in 3-4 months. A complete list of construction activities are included in Attachment #1 along with plats showing the routing of pipelines, powerlines, and roads.

All construction activities will be performed outside the boundaries of cultural resource sites identified in the report prepared by Human Systems Research Corporation, Project No. HSR 9308, dated April 1993, which covers the North half of Section 1, including wells 1-1 through 1-12. A new report prepared by Human Systems Research Corporation, Project No. HSR 9418, dated August 1994, covers the remaining South half of Section 1 and the North quarter of Section 12, including the locations for wells 1-13 and 1-14.

14. I hereby certify that the foregoing is true and correct.
