Dear Mr. Rittersbacher:

In order to complete our review of this application and to release an administrative approval in this matter, please elaborate in a little more detail as to why this well could not be drilled at a standard oil well location within the existing 39.51-acre oil spacing and proration unit comprising Lot 4 (the NW/4 NW/4 equivalent) of said Section 1.

Thank you for your cooperation.

Sincerely,

Michael E. Stogner
