Gentlemen,

Enron has submitted an amended report for the above captioned well. They have moved their surface location 330' from the Whipp boundary line. Enclosed you will find forms C-101 & C-102. Also included are copies of the surveyors maps for your review. Please let me know if Whipp will deny this application. If I can be of assistance in providing you any other relative information please give me a call at (505) 748-1283.

Thank You,

Bryan G. Arrant.
