A completion report, C105, was filed with the NMOCD on 8/31/99 indicating the above well was completed in the Atoka pool. Following an engineering evaluation & a discussion with Bryan at the OCD, it has been determined this well is not completed in the Atoka pool. Recompletion paperwork should have been filed by the previous operator rather than a C105 completing in the Atoka pool.

Please correct the pool for this well to the S. Carlsbad Morrow. This well was initially completed in the S. Carlsbad Morrow on 7/1/98 & was recompleted within the S. Carlsbad Morrow on 8/28/99. **The well has never produced from the Atoka or any other pool.**
