12. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent date, including estimated date of starting any proposed work) SEE RULE 1103.

Yates Petroleum Corporation respectfully requests permission to make the following changes to the APD for this well.

We would like to set the 13 3/8" casing at 850' instead of at 650' as originally permitted. This is still prior to drilling the salt, but of the Ruslter to be drilled prior to running casing. Also, we would like to set the 8 5/8" salt protection string at 4,100' instead of originally permitted. This is still 150' below the base of the salt and should not be any problem.

Thank you.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
