

5) Acres in Lease:

a) Section 28: E½NW¼, NW¼NE¼, S½NE¼ 200.0000

6) Acres Dedicated to Well:

There are 320.0000 acres dedicated to this well which takes in the N½ of Section 28, Township 22 South, Range 28 East, Eddy County, New Mexico.

PART #2:

1) Existing Roads:

Exhibit "E" is a map showing the location of the proposed well, as staked, in relation to existing roads and the Pecos River. The well is ± 5¼ miles due north of Loving, NM.

2) Planned Access:

A. Length and Width: A road 15' wide and approximately 660' long will be constructed from the existing access road south and east to the well site. Extra width of < 30' may be needed in the turns.

An additional 15' wide right-of-way along the access road for pipeline will be utilized.

B. Construction: The new road will be 15' wide with a center crown, with 6 inches compacted caliche. The existing roads will be lightly graded and topped with compacted caliche as needed.

C. Turnouts: None required.

D. Culverts: None required.

E. Cuts and Fills: The area has small sand dunes and deflation basins to be leveled.

F. Gates and Cattleguards: A cattle guard will be installed for any fence crossings.
