Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

Request to Amend Drilling Permit Approved on October 8, 2001, as follows:

Intermediate casing: Set casing at approximately 4300' instead of 2200'. We will look for an impermeable bench to set the casing in, but we shouldn't need to go any deeper than 4500'.

This will cover the upper Delaware and reduce the probability of having to run a 7" liner.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
