Dear Sir:

Please find enclosed herewith your approved copy of Oil Conservation Commission Form C-101, Notice of Intention to Drill, the above captioned well in Eddy County, New Mexico.

I wish to point out the fact that I do not agree with your proposed surface casing program as you have set out on your notice, and we believe that it is very necessary that you run a minimum of 300' of surface casing and circulate cement to surface. Also please notify this office in advance of running and cementing surface casing in order that we may witness the job if we feel it necessary. Our phone number is Sherwood 6-4861. Thanking you for your co-operation.

Yours very truly,

OIL CONSERVATION COMMISSION
