Please send additional C-115 forms and I will return one for July properly filled out.  
Also I need some information on the Richardson & Bass lease in Corral Canyon, N.M.  
You mailed me C-127 forms, do I need to request allowable changes for this lease?  
I did not know that the allowable had been rescinded. We started this well up about  
5 weeks ago and this week it has started making some oil. If I should fill out the  
C-127 on this basis, let me know and I will do so.

Penta will 2 bbls a day be sufficient, if so you will not need to  
fill out the C-127. If you need more than 2 bbls, fill out the  
form C-127 and we will increase the allowable.

As that this well down, it still will make enough oil to pump.
