Gulf Oil Corporation's letter on the above subject dated July 22, 1955, asked that the New Mexico Oil Conservation Commission set a hearing on our application for an exception to Statewide Rule 104. However, Gulf now wishes to amend this application to change the proposed well location to 660 feet east of the west line and 1757 feet south of the north line of Section 36, T-26-S, R-31-E, Eddy County, New Mexico.
