Dear Mr. McClellan:

We are in receipt of your letter of November 1, 1966, informing this office that the subject well was still producing load oil. As this is the case, no allowable will be reassigned the well until such time as we are notified that production of new oil has commenced. Please notify this office within 5 days after new oil is produced. Rescheduling of the GOR Test will be made at that time.

Very truly yours,
