*(See Instructions and Spaces for Additional Data on Reverse Side)

Instructions. This form is designed for submitting a complete and correct self-completion report and log on all cases of lands and leases to either a Federal agency or a State agency, or both, pursuant to applicable Federal and/or State laws and regulations. Any necessary special instructions concerning the use of this form and the number of copies to be submitted, particularly with regard to local, area, or regional procedures and practices, either are shown below or will be issued by, or may be obtained from, the local Federal land management office. See Instructions on forms 99 and 94 and 83 below regarding separate reports for separate completions.

[illegible]

Item 4. If there are no applicable State requirements, locations on Federal or Indian land should be described in accordance with Federal requirements. Consult local State or Federal office for specific instructions.

For Federal Office for Specie Instructions, use as reference (where not otherwise shown) for depth measurements given in other spaces on this form and in any attachments. **Item 18:** Indicate which elevation is used for separate production from more than one interval zone (multiple completion), so state in item 22, and in item 24 show the producing interval, or intervals, top(s) bottom(s) and name(s) (if any) for only the interval reported in item 33. **Submit a separate report (page) on this form, adequately identified, showing the additional data pertinent to such interval.** Each such additional interval to be separately produced.

For each additional interval, showing the additional data pertinent to such interval. For any multiple stage cementing and the location of the cementing tool.

Item 29: *Species Comment.* Attached supplemental records for this well should show the means of any multiple surge censuses and the location of any surge censuses. (See instruction for items 22 and 24 above.)

Item 33: Submit a separate completion report on this form for each interval to be separately produced. (See instruction for items 22 and 24 above.)
