Gentlemen:

*C-105 sub. 1-23-75*

On November 26, 1974, we returned Form C-105 on subject well for additional information. To date, this information has not been received. Your expeditious attention to this matter will be appreciated.

Further, an inspection of subject well was made January 17, 1975, marker and location was satisfactory, but one deadman due west of marker had not been removed.

Final approval and release of Plugging Bond is contingent upon your attention to the above items.

Sincerely yours,

OIL CONSERVATION COMMISSION
