Gentlemen:

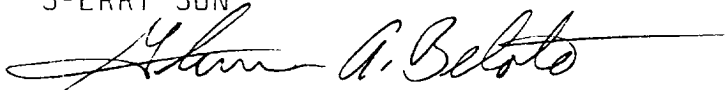

The enclosed film and five folders show the results of our Magnetic Multishot Survey, Job No. MS-6099 on the Phantom Draw Federal Unit Lease, Well No. 1, Wildcat Field, Eddy County, New Mexico on February 24, 1975. This survey was run from a depth of 12,150 feet to a depth of 16,458 feet.

One of these folders contain the original of the computation sheets and field data sheets.

It has been a pleasure to perform this survey for you.

Very truly yours,

SPERRY SUN
