Midland, Texas 79701

TWELVE-POINT SURFACE USE PLAN FOR
DRILLING OPERATIONS ON FEDERAL LEASES

Lease Name: Corral Draw Unit Well No. 2
Well Location: 1980' FWL & 1580' FSL, Sec. 22, T-25-S, R-29-E
Field: Corral Draw (Morrow)
County: Eddy State: New Mexico

1. * Existing roads including location of the exit from the main highway.
2. * Planned access roads.
3. * Location of wells.
4. Lateral roads to well location. None Required
5. Location of tank batteries and flow lines. Tank battery will be located on the drilling pad.
6. Location and types of water supply: Water will be hauled to the drillsite.
7. Methods for handling waste disposal: Waste will be buried, burned and/or hauled from the area.
8. Location of camps: None
9. Location of air strips: None
10. Location layout to include position or rig, mud tanks, reserve pits, burn pits, pipe racks, etc.: See attached diagram of rig layout & location plan.
11. Plans for restoration of the surface: Pits will be backfilled and leveled. The area will be restored to original grade and left for the return of natural vegetation. The pad will be left in place for well servicing.
12. Any other information that may be used in evaluating the impact on environment: This is a semi-arid region with rolling hills, sandy loam, grease wood, mesquite and sparse grass.

* Shown on attached map.
