Re: Pecos Irrigation State No. 1

Gentlemen:

We have heretofore requested that you sell the oil on hand and plug in accordance with your previous agreement. At a meeting Tuesday, I was advised they had not received any notification or payment for the oil accumulated by you.

We hereby make demand that you immediately sell the oil and cause the well to be plugged. If we have not heard from you that the well has been plugged or arrangements made for having same plugged, we will be forced to report same to the Oil Conservation Commission in order to cause the well to be plugged in accordance with your agreement and plugging bond.

Please advise.

Very truly yours

J. W. Neal
