17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

As per included acreage dedication plat, we are revising the 320 acre (WOLFCAMP GAS) proration to encompass the east one half of Section 27, T-26-S, R-30-E.

The prior reports listed the north one half of Section 27, T-26-S, R-30-E, which was in error.

The acreage still lies within the Ross Draw Unit boundaries.
