This plan is submitted with Form 9-331C, Application for Permit to Drill, covering the above described well. The purpose of this plan is to describe the location of the proposed well, the proposed construction activities and operations plan, the magnitude of necessary surface disturbance involved, and the procedures to be followed in rehabilitating the surface after completion of the operations, so that a complete appraisal can be made of the environmental effects associated with the operation.

1. EXISTING ROADS.

A. The proposed well to be located as stated above.

B. Exhibit "E" is a portion of a General Highway Map of Eddy County, New Mexico. Directions to the location are as follows:

Travel east from Loving, New Mexico toward Jal, New Mexico along State Road 31 and 128, 26.5 miles. Turn right going southwest along an existing County Road and go one (1) mile. Then turn right going north approximately one half ($\frac{1}{2}$) mile to proposed well location. See Exhibit "F".

C. See Exhibits attached.

D. See Exhibit "F".

E. An existing road to a well location at 1980 feet from the south line and 1980 feet from the west line of Section 12 is to be rebuilt and utilized as a portion of the required access road for the new Sotol Federal #1 location.

F. Road to be maintained by grader when required.

2. PLANNED ACCESS ROADS.

Exhibits "E" and "F" are Maps showing access roads in the area.

1. The width of access road will be 12 feet.

2. The maximum grade will be nominal.
