Gentlemen:

To date this office has received no reports on the subject well subsequent to the Permit To Drill.

Division Rule 1103 requires that within 10 days following the commencement of drilling operations, the operator of the well shall file a report thereof on Form C-103 in triplicate. Said report shall indicate the hour and date the well was spudded.

Also, within 10 days following the setting and cementing of each string of casing, Form C-103 is required showing amount, grade and weight of casing, amount and type of cement and additives used, WOC time pressure tests and results of same. Please submit the required reports at your earliest convenience.

If you have any questions concerning this matter, feel free to contact me.

Sincerely,

W. A. Gressett
Supervisor, District II
