Dear Mr. Brooks:

In reference to the enclosed letter from you, I feel that you had just missed in receiving the completion report on the above referenced well, EP-USA #2. Enclosed is a copy of this completion report which has already been mailed to your office. Therefore, I just wanted to drop you a note to bring it to your attention so that the request for an extension would not be overlooked.

If you should have any questions, please do not hesitate to contact me.

Yours very truly,

Jamie V. Dawson  
Production Secretary
