Wildcat Bone Springs

Gentlemen:

According to the State Land Office in Santa Fe the above referenced well has been completed and is producing.

The last report filed with this office was the C-103 dated May 19, 1982, reporting on the 4½" casing.

Would you please apprise us as to the present status of this well. If it has been completed, you need to file a C-105, Completion Report, C-104, Request For Allowable, A Deviation Survey Report, and a copy of any and all logs that have been run on the well.

Very truly yours,

Leslie A. Clements
