Dear Mr. Bill:

Subject: Mesa Petroleum Co.  
River State Com #1  
Unit G, Sec 2, T25S, R26E  
Eddy County, New Mexico

The completion filed on subject well on May 10, 1982 was based upon an estimated flow rate of 4,400 MCF/D with multipoint test to be taken upon connection to a pipeline.

To date, there is still no gas gatherer for this well but a multipoint test has been run and is attached for your use.

Respectfully,

MESA PETROLEUM CO.
