Gentlemen:

This office has received the Completion Report and the C-104, Request For Allowable, for the above captioned well.

However, the original Intent To Drill was for an oil well, which needed only a forty acre dedication. Now that the well has been potentialized as a gas well, we will need a plat showing a 160 acre dedication.

An allowable cannot be assigned to this well until this plat is filed.

Also, we need a copy of all logs that have been run on the well.

If we can be of any assistance, please do not hesitate to contact this office.

Very truly yours,

A handwritten signature in cursive script that reads "Leslie A. Clements".
