Tide West is currently injecting ^{S22,26,29} all its produced water from the Brushy Draw/Delaware Pool producers into the (Mobil Federal "22" #5 well). This injection well was approved by the New Mexico Energy, Minerals and Natural Resources Department Order No. R-9001. This was the status at the time Tide West purchased the wells from Sun(Oryx). All leases injecting into the well are contiguous and Tide West requests permission to continue injection of the Gulf Federal Lease(#11038) water into the Mobil Federal "22" #5 well to maintain current Brushy Draw/ Delaware Pool production and economics.
