Pickett Draw No. 2 & 3

Page 2

not be the best environmental solution. We are putting the gas to good use and generating revenue for the government by being able to produce the Pickett Draw wells. Upon taking the above into consideration, we would respectfully request a variance to continue the off lease operation and not be required to remit royalty on the casinghead gas.

Sincerely,

BETTIS, BOYLE & STOVALL

A handwritten signature in black ink, appearing to read "Kim Ligon". The signature is fluid and cursive, with the first name "Kim" and last name "Ligon" clearly distinguishable.
