If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Siete Oil and Gas Corporation respectfully requests permission to maintain an emergency pit facility at the Seminole Federal battery. The dimensions of the pit are 8' X 15' X 6'. It will be used for emergency over flow only. We do not anticipate ever having to use this facility. But if something happens where the facility is needed, the fluids will be removed within 48 hrs of it being disposed of into the pit. The pit will also be fenced & screened to prevent any cattle accidents or any other kind of accidents.
