		.	Orawer DD 011 CONS COMMISSIO
Form 3160:\$180			rawer DD NM 88210
(1 100a)	UNITED STATES		
N. m ∨ " NL '	DEPARTMENT OF THE IN		Budget Bureau No. 1004-0135 Expires: March 31, 1993
1 AM	BUREAU OF LAND MANA	GEMENT	5. Lease Designation and Serial No.
BUREAU OF LAND MANAGEMENT SUNDRY NOTICES AND REPORTS ON WELLS		NM-621 7 1	
Do hat use this form for proposals to drill or to deepen or reentry to a different reservoir		6. If Indian, Allottee or Tribe Name	
Use "APF	PLICATION FOR PERMIT—"	for such proposals	·
ALCO.	SUBMIT IN TRIPLICA	ATE '	7. If Unit or CA, Agreement Designation
1. Type of Well			-{
Well Gas Well Other	r	•	8. Well Name and No.
2. Name of Operator			BlueStar Fed. #1
Energex Company			9. API Well No.
3 Address and Telephone No.			30-015-28608
100 N. Pennsylvania, Roswell, NM 88201 4. Location of Well (Footage, Sec., T., R., M., or Survey Description)			10. Field and Pool, or Exploratory Area
4. Location of Well (Footage, Sec., T.,	R., M., or Survey Description)		Wildcat
22101797 - 2221777 - 2		11. County or Parish, State	
2310'FNL & 330'FEL Section 10-25S-25E		Eddy County, NM	
OURON :===		GwitH	
2. CHECK APPROF	PRIATE BOX(s) TO INDICA	TE NATURE OF NOTICE, REPOR	RT, OR OTHER DATA
TYPE OF SUBMISSI	ION	TYPE OF ACTION	
Notice of Intent		Abandonment	X Change of Plans
		Recompletion	Change of Finans
Subsequent Report	ĺ	Plugging Back	New Construction
	ľ		Non-Routine Fracturing
 -	1	Casing Repair	I I Water Shut Off
Final Abandonment No	otice	Casing Repair Altering Casing	Water Shut-Off Conversion to Injection
Final Abandonment No	otice [Casing Repair Altering Casing Other	Conversion to Injection
	ĺ	Altering Casing Other	Conversion to Injection Dispose Water (Note: Report results of multiple completion on Well
Describe Proposed or Completed Opera	tions (Clearly state all pertinent details, and	Altering Casing Other	Conversion to Injection Dispose Water (Note: Report results of multiple completion on Well
Describe Proposed or Completed Operat give subsurface locations and meas	tions (Clearly state all pertinent details, and sured and true vertical depths for all marke	Altering Casing Other give pertinent dates, including estimated date of starting ers and zones pertinent to this work.)*	Conversion to Injection Dispose Water (Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.) any proposed work. If well is directionally drilled
Describe Proposed or Completed Operat give subsurface locations and meas	tions (Clearly state all pertinent details, and sured and true vertical depths for all marke	Altering Casing Other give pertinent dates, including estimated date of starting ers and zones pertinent to this work.)*	Conversion to Injection Dispose Water (Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.) any proposed work. If well is directionally drilled
3. Describe Proposed or Completed Operat give subsurface locations and meas Operator proposes to	tions (Clearly state all pertinent details, and sured and true vertical depths for all marke change the casing and	Altering Casing Other give pertinent dates, including estimated date of starting ers and zones pertinent to this work.)* I cementing program to the	Conversion to Injection Dispose Water (Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.) any proposed work. If well is directionally drilled
3. Describe Proposed or Completed Operations and measures subsurface locations and measures proposes to DEPTH HOLE SIZ	tions (Clearly state all pertinent details, and sured and true vertical depths for all market change the casing and	Altering Casing Other give pertinent dates, including estimated date of starting ers and zones pertinent to this work.)*	Conversion to Injection Dispose Water (Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.) any proposed work. If well is directionally drilled
3. Describe Proposed or Completed Operations and measurance locations and measurance operator proposes to DEPTH HOLE SIZ.	tions (Clearly state all pertinent details, and sured and true vertical depths for all marked change the casing and E CASING 13-3/8" 48#	Altering Casing Other give pertinent dates, including estimated date of starting ers and zones pertinent to this work.)* I cementing program to the	Conversion to Injection Dispose Water (Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.) any proposed work. If well is directionally drille
3. Describe Proposed or Completed Operations and measure subsurface locations and measurement of the proposes to subsurface proposes to s	tions (Clearly state all pertinent details, and sured and true vertical depths for all market change the casing and E	Altering Casing Other give pertinent dates, including estimated date of starting ers and zones pertinent to this work.)* I cementing program to the CEMENT	Conversion to Injection Dispose Water (Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.) any proposed work. If well is directionally drille
B. Describe Proposed or Completed Operations and measure subsurface locations and measurements of the DEPTH HOLE SIZ. 1-350' 17-1/2" 150-1400' 12-1/4"	tions (Clearly state all pertinent details, and sured and true vertical depths for all marked change the casing and E CASING 13-3/8" 48#	Altering Casing Other give pertinent dates, including estimated date of starting ers and zones pertinent to this work.)* I cementing program to the CEMENT Circulated Circulated	Conversion to Injection Dispose Water (Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.) any proposed work. If well is directionally drille
B. Describe Proposed or Completed Operations and measure subsurface locations and measurements of the DEPTH HOLE SIZ. 1-350' 17-1/2" 50-1400' 12-1/4"	tions (Clearly state all pertinent details, and sured and true vertical depths for all market change the casing and E	Altering Casing Other give pertinent dates, including estimated date of starting ers and zones pertinent to this work.)* I cementing program to the CEMENT Circulated	Conversion to Injection Dispose Water (Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.) any proposed work. If well is directionally drille
B. Describe Proposed or Completed Operations and measure subsurface locations and measurements of the DEPTH HOLE SIZ. 1-350' 17-1/2" 50-1400' 12-1/4"	tions (Clearly state all pertinent details, and sured and true vertical depths for all market change the casing and E	Altering Casing Other give pertinent dates, including estimated date of starting ers and zones pertinent to this work.)* I cementing program to the CEMENT Circulated Circulated	Conversion to Injection Dispose Water (Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.) any proposed work. If well is directionally drille
B. Describe Proposed or Completed Operations and measurements of the subsurface locations and measurements of the subsurface proposes to	tions (Clearly state all pertinent details, and sured and true vertical depths for all market change the casing and E	Altering Casing Other give pertinent dates, including estimated date of starting ers and zones pertinent to this work.)* I cementing program to the CEMENT Circulated Circulated	Conversion to Injection Dispose Water (Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.) any proposed work. If well is directionally drille
B. Describe Proposed or Completed Operations and measure subsurface locations and measurements of the DEPTH HOLE SIZ. 1-350' 17-1/2" 50-1400' 12-1/4"	tions (Clearly state all pertinent details, and sured and true vertical depths for all market change the casing and E	Altering Casing Other give pertinent dates, including estimated date of starting ers and zones pertinent to this work.)* I cementing program to the CEMENT Circulated Circulated	Conversion to Injection Dispose Water (Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.) any proposed work. If well is directionally drille
3. Describe Proposed or Completed Operations and measure subsurface locations and measurements of the DEPTH HOLE SIZ. 17-1/2" 150-1400' 12-1/4"	tions (Clearly state all pertinent details, and sured and true vertical depths for all market change the casing and E	Altering Casing Other give pertinent dates, including estimated date of starting ers and zones pertinent to this work.)* I cementing program to the CEMENT Circulated Circulated	Conversion to Injection Dispose Water (Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.) any proposed work. If well is directionally drille Following:
3. Describe Proposed or Completed Operations and measure subsurface locations and measurements of the DEPTH HOLE SIZ. 17-1/2" 150-1400' 12-1/4"	tions (Clearly state all pertinent details, and sured and true vertical depths for all market change the casing and E	Altering Casing Other give pertinent dates, including estimated date of starting ers and zones pertinent to this work.)* I cementing program to the CEMENT Circulated Circulated	Conversion to Injection Dispose Water (Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.) any proposed work. If well is directionally drilled
3. Describe Proposed or Completed Operations and measure subsurface locations and measurements of the DEPTH HOLE SIZ. 17-1/2" 150-1400' 12-1/4"	tions (Clearly state all pertinent details, and sured and true vertical depths for all market change the casing and E	Altering Casing Other give pertinent dates, including estimated date of starting ers and zones pertinent to this work.)* I cementing program to the CEMENT Circulated Circulated	Conversion to Injection Dispose Water (Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.) any proposed work. If well is directionally drille Following:
3. Describe Proposed or Completed Operations and measure subsurface locations and measurements of the DEPTH HOLE SIZ. 17-1/2" 150-1400' 12-1/4"	tions (Clearly state all pertinent details, and sured and true vertical depths for all market change the casing and E	Altering Casing Other give pertinent dates, including estimated date of starting ers and zones pertinent to this work.)* I cementing program to the CEMENT Circulated Circulated	Conversion to Injection Dispose Water (Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.) any proposed work. If well is directionally drille Following:
3. Describe Proposed or Completed Operat give subsurface locations and measurements of the proposes to DEPTH HOLE SIZ. 0-350' 17-1/2" 150-1400' 12-1/4"	tions (Clearly state all pertinent details, and sured and true vertical depths for all market change the casing and E	Altering Casing Other give pertinent dates, including estimated date of starting ers and zones pertinent to this work.)* I cementing program to the CEMENT Circulated Circulated	Conversion to Injection Dispose Water (Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.) any proposed work. If well is directionally drille Following:
3. Describe Proposed or Completed Operating give subsurface locations and measurements of the subsurface locations of the subsu	tions (Clearly state all pertinent details, and sured and true vertical depths for all marked change the casing and E CASING 13-3/8" 48# 8-5/8" 32# 5-1/2" 17#	Altering Casing Other give pertinent dates, including estimated date of starting ers and zones pertinent to this work.)* I cementing program to the CEMENT Circulated Circulated	Conversion to Injection Dispose Water (Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.) any proposed work. If well is directionally drille Following:
3. Describe Proposed or Completed Operations and measures subsurface locations and measures of the second of the s	tions (Clearly state all pertinent details, and sured and true vertical depths for all market change the casing and CASING 13-3/8" 48# 8-5/8" 32# 5-1/2" 17#	Altering Casing Other give pertinent dates, including estimated date of starting ers and zones pertinent to this work.)* I cementing program to the CEMENT Circulated Circulated 600' above top of pay	Conversion to Injection Dispose Water (Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.) any proposed work. If well is directionally drille Following:
3. Describe Proposed or Completed Operating give subsurface locations and measurements of the subsurface of the subsurfa	tions (Clearly state all pertinent details, and sured and true vertical depths for all marked change the casing and E CASING 13-3/8" 48# 8-5/8" 32# 5-1/2" 17#	Altering Casing Other give pertinent dates, including estimated date of starting ers and zones pertinent to this work.)* I cementing program to the CEMENT Circulated Circulated	Conversion to Injection Dispose Water (Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.) any proposed work. If well is directionally drilled Following:
3. Describe Proposed or Completed Operat give subsurface locations and measurement of the subsurface locations and subsurface loc	tions (Clearly state all pertinent details, and sured and true vertical depths for all marked change the casing and CASING 13-3/8" 48# 8-5/8" 32# 5-1/2" 17#	Altering Casing Other give pertinent dates, including estimated date of starting ers and zones pertinent to this work.)* I cementing program to the CEMENT Circulated Circulated 600' above top of pay Controller	Conversion to Injection Dispose Water (Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.) any proposed work. If well is directionally drille Following: Date 9/10/95
3. Describe Proposed or Completed Operating give subsurface locations and measurements of the subsurface location and subsurface locations of the subsurface location of the subsurface locations and measurements of the subsurface	tions (Clearly state all pertinent details, and sured and true vertical depths for all marked change the casing and CASING 13-3/8" 48# 8-5/8" 32# 5-1/2" 17#	Altering Casing Other give pertinent dates, including estimated date of starting ers and zones pertinent to this work.)* I cementing program to the CEMENT Circulated Circulated 600' above top of pay	Conversion to Injection Dispose Water (Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.) any proposed work. If well is directionally drilled Following: Date 9/10/95
3. Describe Proposed or Completed Operations and measure subsurface locations and measurement of the subsurface locations and sub	tions (Clearly state all pertinent details, and sured and true vertical depths for all marked change the casing and E CASING 13-3/8" 48# 8-5/8" 32# 5-1/2" 17#	Altering Casing Other give pertinent dates, including estimated date of starting ers and zones pertinent to this work.)* I cementing program to the CEMENT Circulated Circulated 600' above top of pay Controller	Conversion to Injection Dispose Water (Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.) any proposed work. If well is directionally drilled Following:
