13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Poker Lake Unit #180's APD was submitted and approved by the BLM on 12/7/01 as a 7550' Delaware well. Bass' plans have changed. Bass now wants to drill a 14,500' Morrow well at the same location. Attached please find a revised eight point drilling plan. Although a larger rig and larger reserve pits will be required, we plan to stay within the original Arch surveyed area and abide by the surface stipulations as approved earlier.

14. I hereby certify that the foregoing is true and correct.
