Dear Mr. Gressett:

This letter is to confirm that due to an unfortunate surveying error, the captioned well was not drilled 1980' FEL and 660' FNL as permitted. The well was actually drilled 62.29' FSL and 1983.97' FEL of Section 29, T5S-R24E on a federal lease. This new location is being re-permitted through the U.S.G.S (see attached). Please void our original permit.

If you require further information, please advise.

Yours truly,

Nancy Stoizle  
Land Manager
